

GENERAL NOTIFICATION FOR ALL

Markham Stouffville Hospital

Waste Audit and Waste Reduction Work Plan

Markham Stouffville Hospital is committed to effective waste management and 3Rs initiatives. The combined efforts of management, employees, and custodial staff contributes to waste diversion, environmental protection and regulatory compliance, and serves to address the environmental mandate established by Markham Stouffville Hospital Corporation. Markham Stouffville Hospital is proud of its 3Rs initiatives and strives for continual improvement in 3Rs performance.

On behalf of Markham Stouffville Hospital, CD SONTER Ltd. Environmental Consultants has completed a Waste Audit and Waste Reduction Work Plan for the annual period ending December 30, 2016, consistent with the requirements of Ontario Ministry of the Environment and Climate Change Regulation 102/94 under the Environmental Protection Act. As required under Part III of the Act, a formal audit and reduction work plan report has been prepared. The reduction work plan provides direction in furthering Markham Stouffville Hospital's efforts in waste diversion.
