Our team

At Oak Valley Health Outpatient Pharmacy, we are an integral part of your health care team, as we understand the specialized needs of patients in our outpatient mental health program.

Pharmacists: Catherine Chung and Lawrence Lau

Technician: Shamima Hoque

Your privacy matters

- Strict adherence to patient confidentiality
- Secure handling of your personal information

How we can help you

We offer specialized services and programs that help to manage all your treatment needs.

- Medication dispensing for psychiatric prescriptions
- Personalized medication review and medication therapy management
- Consultation with experienced pharmacists
- Close collaboration with your mental health care team to coordinate and provide optimal care
- Assistance with access to medications that insurance/ODSP does not cover
- Blister packaging
- Convenient prescription refills

Medication safety tips

Our team of pharmacists and technicians are dedicated to the care of patients with mental health conditions. Our team is committed to supporting your health journey.

- Take your medications as prescribed
- Report any side effects promptly
- Keep a list of all medications you are taking
